Description

After installation, clicking/double clicking the icon, does not start VirtualBox.

Solution:

1. Update the icon properties
   From: Command: VirtualBox
   To: Command: sudo /usr/local/bin/virtualbox

2. Create /usr/local/etc/sudoers.d/virtualbox entry
   %wheel ALL=(ALL) NOPASSWD: /usr/local/bin/virtualbox

History

#1 - 10/20/2019 06:11 PM - ericbsd

Yeah I am aware

```
/u/h/ericbsd ∼ virtualbox Sun Oct 20 15:08:47 2019
exec: /usr/local/lib/virtualbox/VirtualBox: Permission denied
! ∼ /u/h/ericbsd
```

The simple solution is this command.

```
sudo chmod +x /usr/local/lib/virtualbox/VirtualBox
```
